VW CAMPERS

In 2016 we bought a series of vans from a US desert junkyard and have been working to restore them ever since. Every VW camper has been completely rebuilt with new engines, gearboxes and mechanical components. We are based just outside Lisbon in the national park, within sight of the beach yet under 40 minutes from the airport.

Opened in December 2021 by a Ukrainian couple — they bring a level of cuisine to our small town that we have yet to see.

Considered a Neo-Bistro style, they offer a gastronomic experience paired with natural wines and specialized coffee all prepared in the open kitchen design so you can chat with the chef while he prepares your meal.

Or sit with your 4 legged friend while sipping your coffee — inside or out.
